Following 4-H events/programs, youth may be asked to voluntarily participate in the 2009 4-H Impact Study to assess educational impact and life skill development gained from 4-H participation. Information gained will help improve 4-H programs. It will take 10-15 minutes to complete the survey and there are no known risks associated with this study. All information is obtained and reported as aggregated data. If you have questions regarding this study, contact primary investigator, Jill Walahoski at 402-472-1710. If any of your questions regarding your child's right as a research participant have not been answered, you may contact the University of Nebraska-Lincoln Institutional Review Board at 402-472-6965. You are voluntarily making a decision whether or not to allow your child to participate in this research study. You are free to decline participation with no consequences from Nebraska 4-H or the University of Nebraska-Lincoln. **Parent/Guardian Signature:** _____
